

# Pinkeye. Blackleg.

*Just*  
**ONCE.**

**PRODUCERS (AND CATTLE) EVERYWHERE ARE CHEERING ABOUT ALPHA<sup>TM</sup>-7/MB-1**, the new one-dose vaccine that protects against *Moraxella bovis* (Pinkeye) and 7 major Clostridial diseases. Only Alpha-7/MB-1 is proven to protect your herd against both costly diseases in a single 2 mL Sub-Q dose. Save time, labor, stress and money with the only one-dose protection on the market today. Vaccinate just once with Alpha-7/MB-1. Prevents double trouble in a single whammy.
